

## **Please Cooperate in Our Measures to Prevent the Spread of COVID-19**

The Tottori Prefectural Library has implemented the following measures in order to control the spread of COVID-19. We ask for your understanding and cooperation.

### **You can borrow 20 items for a period of 3 weeks**

### **Usage of Reading Area for Extended Periods of Time**

Usage of the reading area for an extended period of time increases the likelihood that multiple users will gather in one area. In turn, this increases the risk of spreading the infection. Therefore, we ask that you kindly refrain from using the reading area for extended periods of time.

### **Number of Seats Reduced and Space between Seats Increased**

In order to prevent infection, the number of seats has been reduced to prevent users from becoming densely grouped.

### **Users Experiencing Fever, Sluggishness, Short of Breath, or Otherwise Feeling Sick**

Please refrain from using the library if you feel even slightly sick.

### **Wearing a Mask**

The wearing of masks in the library is enforced rigorously for users as well as staff at the counter.

### **Periodic Ventilation**

Staff will open and close windows in order to ventilate the air.

### **Etiquette for Coughing and Enforcement of Hand Washing**

There are hand disinfectant stations in the library. In addition, please bring and wear a mask, wash your hands, and gargle.
